

Product Information

NYTROLENE Spring Start

24-0-6 + 2.0 Fe, 2.0 Mg + TE

Product Advantages

- Slow release MU nitrogen with early Spring Start via added IBDU.
- No loss of fertiliser if plants fall over as product sticks to the surface of the growing medium.
- Very efficient nitrogen release.
- Contains high magnesium and trace elements with high iron content.
- No Phosphorous which is ideal for P sensitive crops.
- Long lasting effect up to 12 weeks.
- Easy application.

Product Characteristics

Bag weight	20kg
Granule size	1.8-2.4 mm
Longevity	up to 12 weeks

Guaranteed Analysis

%	
24	Nitrogen (N)
10.5	as methylene urea & IBDU
10.3	as ureaic (N)
3.2	as ammonium
0	Phosphorus (P)
6	Potassium (K)
6	as sulphate
7.9	Sulphur (S)
7.59	as sulphate
2	Magnesium (Mg)
2	Iron (Fe)
mg/kg	Trace elements
250	Copper (Cu)
215	Zinc (Zn)
31	Boron (B)
